Stacey Doyle Photography and Jenny DiMucci Beauty collaborate to present "Image and Artistry".

Clients who reserve a photo session within the studio of Stacey Doyle will be provided with complimentary make up services by artist Jenny DiMucci (a \$100 value) to create the perfect portrait for any occasion.*

Distinctive, Genuine Photography

Stacey Doyle is a prominent Rhode Island wedding photographer with 10 years of experience in shooting weddings across the country. "I love photographing people, capturing emotional faces, crinkles near the eyes when someone is really laughing. Even the occasional happy face that a dog makes. People are beautiful and being able to capture that is amazing to me."

Posh Make Up Art

Specializing in bridal make up, artist Jenny DiMucci has been providing cosmetic services both in the industry and beyond for over 10 years. Jenny creates a new spin on bringing beauty back to basics. With a background in fine arts and love of oil painting is what sparked an interest in the world of make up artistry. The human figure, and every woman's inner and outer beauty, continuously inspire each individual application.

*Offer may be withdrawn at any time. Please mention the code *jbeauty* when booking your appointment with Stacey Doyle Photography.

Offer not valid for wedding contracts, and cannot be combined with other offers or redeemed for cash.
